4. Protective Measures

During the Data Sharing Terms and Conditions (“Terms”) and for a period of three (3) years after the Terms, you will protect and ensure your participating Associates (defined below) will protect the trade secret by using the same degree of care, but no less than a reasonable degree of care, to prevent the unauthorized use, dissemination or publication of the trade secret as you use to protect your own trade secret of a like nature. You will provide reasonable prior notice to HP and will request a protective order if you are required to reveal the trade secret under a subpoena, court order or other operation of law.

An Associate is a parent, a subsidiary or corporate affiliate of yours whether directly or indirectly owned, or a third party contractually bound to you in accordance with the Terms.
